

# GENI Science Council Welcome

Ellen W. Zegura  
Georgia Tech, Co-chair, GSC  
GENI Engineering Conference  
October 2007

# GENI Science Council (GSC)

*Mission: To articulate a compelling rationale for GENI in the form of a comprehensive Research Plan that describes the scientific and engineering research questions that GENI will make possible to address, the educational opportunities that GENI will afford, and the industrial collaborations that GENI will invite*

- Ellen Zegura, co-chair
- Scott Shenker, co-chair
- Tom Anderson, Washington
- Hari Balakrishnan, MIT
- Joe Berthold, Ciena
- Charlie Catlett, Argonne
- Mike Dahlin, UT Austin
- Chip Elliot – GPO (ex-officio)
- Stephanie Forrest, New Mexico
- Roscoe Giles, Boston Univ
- Ed Lazowska, Washington
- Peter Lee, CMU
- Helen Nissenbaum, NYU
- Jennifer Rexford, Princeton
- Stefan Savage, UCSD
- Alfred Spector, IBM (ret.)

# New additions

- Joan Feigenbaum, Yale
- Michael Kearns, U Penn
- Jim Hendler, RPI
- Larry Peterson, Princeton

# Structure

- Co-chairs: Ellen and Scott
- Working committees
  - Research and education plan (TBD)
  - Outreach (Ellen Zegura)
    - Net and distributed systems
    - Other CISE areas
  - International coordination (Peter Lee)
  - Policy (Helen Nissenbaum)
  - Facility architecture (Larry Peterson)
  - Industrial interaction (F. Jahanian, M. Bowman)
- Ad-hoc committees
  - Chief Architect search committee (Alfred Spector)

# Interacting with the GSC

- [ewz@cc.gatech.edu](mailto:ewz@cc.gatech.edu)
- Discuss mailing list (see geni.net)
- On-line comment/question page (geni.net)
- Working committee chairs
- Watch for opportunities for input this fall

# Perspective
