- New business arrangements!

SDX Demo Architecture

Using the SoX GENI infrastructure and GENI racks.

Available to the GENI Community

- Working controller available on GitHub [sdn-ixp/sdx-platform](https://github.com/sdn-ixp/sdx-platform)
- You can start using it!
- Iterate, refine, improve.
- Work toward deployment as a core GENI service with both R&E and commercial peering
