

# GENI REGIONAL WORKSHOP AT NEIU

Learn about GENI ([www.geni.net](http://www.geni.net)) and how you can use it for your **networking** and **distributed systems** research and teaching. GENI is an NSF-funded nationwide testbed used by over 4300 researchers and educators to run experiments not possible on today's Internet.

Join us Friday morning for an overview of GENI and stay for hands-on tutorials running different types of experiments on GENI. Participation is open to all. Any questions email [geni-tutorials@googlegroups.com](mailto:geni-tutorials@googlegroups.com)

**Event Information:** [www.geni.net/geni-neiu](http://www.geni.net/geni-neiu)  
**Cost:** FREE - (limited travel grants available)  
**Date:** September 18 & 19 (Friday & Saturday)  
**Location:** Northeastern Illinois University El Centro  
[3390 N Avondale Av. Chicago, IL](http://3390 N Avondale Av. Chicago, IL)
